Dr. Jane Henney, Commissioner
Food and Drug Administration
5630 Fisher's Lane, Room 1061
Rockville, MD 20852

With the growing problem of antibiotic resistance in bacteria, I urgently request that you ban the use of antibiotics in animal feed as soon as possible. This action is way overdue. People are dying.

Sincerely,

A handwritten signature in cursive script, appearing to read "M. Hartley".

M. Hartley
